**IN THE SPECIFICATION**

Please amend the Specification as follows:

**Paragraph beginning at Page 18, Line 1:**

A traveler part 88, 90 is moveably connected to each of the rails 80, 82. The side view of the traveler part 90 is depicted in Fig. 8. As can be seen there, each traveler part 88, 90 has three guide wheels 34, 38, 40, that are connected to each other with a frame 92. The guide wheel 34 works as a Counter-Pressure-Wheel, whereas the ~~guide wheels 38, 90~~ guide wheels 38, 40 carry the load of the Moving-Guide-Components 26.
